

TWO PIECE WITH SUPPORT VEST

Support vest with built in elastic to give back support and help lift the weight off the shoulders. The flaps are inserted through a slit on the side of the apron to assure quick and easy closing.

6" elastic attached with velcro (easy removal if necessary) resulting in optimal support .

Stretch the flaps and close with overlap velcro.

TWO PIECE WEIGHT RELIEVER

SIDE SLIT INSTEAD OF A SLOT FOR EASIER USE

EACH BACK PANEL HAS .25 MMPB

Please call your Pulse Rep or Pulse Medical for ordering information

ELASTIC STRAPS PROVIDE GREATER BACK SUPPORT AND A MORE SECURE FIT.
